Advent Message

FROM THE PASTOR

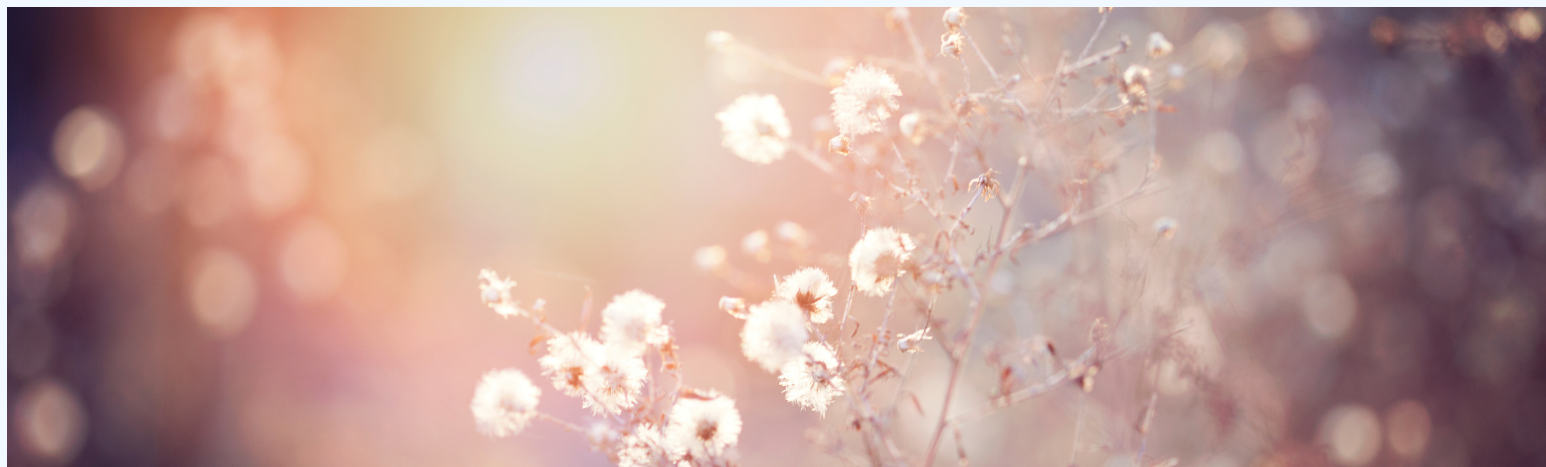

Dear friends in Christ,

We are entering the Advent/Christmas season when we deck the halls and prepare our hearts for the coming of Christ. The world right now makes us all uncertain. Many of us are weighed down by the war in the Middle East and the war in Ukraine. Issues such as the opioid crisis, gun violence, mental health, and the politics of our country also make us anxious. So, during this Advent season we will consider, how does a weary world rejoice? I pray that we will find comfort sitting with Mary, Zechariah, and the shepherds as they bring greetings of “Do not fear” to the world. I pray that as we worship, we may find community – together. I pray that as we serve those around us, we may find hope – together. I pray that as we give to one another and those less fortunate, we will find joy – together! I pray that as we light candles, we will find peace – together. May our community of faith give Glory to God.

May the blessing of our Great God be with you,

Rev. Melanie Enfield
PASTOR

How does a weary world rejoice?

*We root ourselves
in ritual*

When the world wears us thin, we gather in God's presence. All it takes is just one voice of joy to be a force for good.

Do you know about our church's effort to help small farmers around the world? For the past several years, the Green Team has sold coffee, chocolate, and other items during Coffee Hour. Our purpose for working with Equal Exchange is to support initiatives that support our desire to be good stewards to the Earth.

Equal Exchange works with over 40 small farmer organizations around the world in countries such as Guatemala, Peru, Bolivia and Ethiopia. Equal Exchange works to give these farmers a fair price, help them build their own businesses and restore and preserve our planet. They promote safe and sustainable farming methods and working conditions, and promote the prohibition of the use of the more dangerous pesticides and herbicides.

We appreciate the support of many in the congregation over the years. Look for announcements in the church emails and the Bulletin of when we will be selling next!

The Christmas Fund for the Veterans of the Cross and the Emergency Fund

The Christmas Fund has been caring for active and retired clergy and lay employees of the United Church of Christ for over 100 years, providing emergency grants, supplementation of small annuities and health premiums, and Christmas "Thank You" gift checks each December to our lower-income retirees.

United Church of Christ congregations and members have blessed the Christmas Fund with their generosity for many years. This year, your care and compassion will be especially appreciated by those servants of the church who are facing a time of need. Thank you! **Envelope Enclosed**

An Update on St. Vincent's Center for Children with Disabilities in Haiti

An Organization which we have supported for over 25 years

In Haiti, the Ministry of Education mandates the school calendar: openings, holidays, exam days, closings. Last year, the "full" academic year began not in September, due to violence, but in January, so everyone was shortchanged. This year, classes started on September 11th. The usual pattern is that the first week or so is slow...not all students return right away. Our full complement of students is 227; and, last year, we averaged 190 students and all faculty daily. That's a remarkable statement given the hurdles both had to overcome to get safely to campus.

On Friday, September 8th, there was a teachers' meeting to discuss the opening of school. For those of you who regularly follow the news in Haiti, you know that the violence in Carrefour Feuille has been especially grim. Among the thousands who have fled are 16 SVC faculty and three employees. Most people fled without taking anything, and their homes were first looted and then torched. At Friday's meeting, 14 of these victims attended the faculty meeting, which gives an idea of how deeply committed these teachers are to their students and their work.

Once on campus, the usual routine is for the school nurse to check each student's health. If a physician is required, the student is taken either to our downtown Medical Clinic or to a nearby hospital. The biggest issue, however, which often finds students in the morning with headaches or even writhing in pain, is lack of food. Parents have been unable to provide breakfast. So, the school nurse administers the most-frequently used medicine: food. Students then deemed well head straight to class, where they become immediately engaged in their lessons.

The length of our academic day depends on traffic pattern and today, those patterns often depend on locations of gang activity. Bus drivers refuse to drive if there is violence near pick-up spots. When this action became pronounced last year, parents banded together and rented taptaps (the local taxi) to convey their children to class. That is how deeply they value their children's education and what they risk to ensure it.

Christmas Memorial Fund

Each Christmas we have memorial poinsettias in the Sanctuary during our Christmas Services. It is a chance to memorialize loved ones during the Christmas season. After the Christmas Service, the plants are delivered to members in our congregation who are bereaved, ill, or are no longer able to attend services. Funds that are collected in excess of the money needed to purchase the plants will be donated to various missions of the church. If you wish to make a contribution, please make your check payable to Church of Christ, Congregational, put "Christmas Memorial Fund" on the memo line, and return it along with this completed form to the Church Office by **Sunday, December 10th.**
